

Logic Shelters est une entreprise tchèque qui propose des abris sous terrains.

Ils proposent plusieurs formules et plusieurs tailles. De l'abri d'urgence au bunker longue durée, si vous avez un peu de terrain et de moyen vous trouverez votre bonheur!

LOGIC SHELTERS® is introducing in Europe a unique system of private underground shelters. Expert team of architects, mechanical ingeneers and civil protection specialists have been developing the system for two years prior the launch in 2016. Their joint effort resulted in LOGIC SHELTERS® system, which is compliant with the most strict safety criteria and can meet various special needs of clients due to its modularity and variability. The key idea is to provide a tailor made shelter solution to every owner with respect to their specific needs, requirements, property type and shelter purpose. Each shelter is an original.

En attendant, vous pouvez faire un tour virtuel dans un abris assez luxueux, [c'est par ici!](#)
